Notation	Description
S_i	Extracted CSI from the Channel
K_u	Binary Key Digits after Quantization
K	Binary Key Digits after Privacy Amplification
q_t	Quantization Threshold
Δ	Delta value used in Quantization
K_d	Temporary Key in Quantization
$\parallel$	Append
α	Phase Angle for Constellation rotation
E	Encryption using Constellation rotation
D	Decryption using Constellation rotation
S_k	Original Modulation Symbol
S'_k	Encrypted Modulation Symbol by E
N	Number of packets
t	Time Difference between packet transmission
Nc	Number of transmitters Antennas
N_r	Number of receiver Antennas
